- As a user, I want to be able to have a nickname
- As a user, I want to be able to have a profile picture (BONUS)
- As a user, I want to be able to View all of another user's posts (BONUS)

User Experience

Once a user signs up and signs in they want to ...

See their most recent post...

And everyone else's posts...

But they'd also like to to...

filter just their own posts...

And create a new post...

Lastly, they'd like to...

View /update their profile...

And they'll need to...

sign out / change their password.

Or delete and update a post.
